

**Pen Air Taxi Information  
to  
Blue Mountain Lodge from King Salmon**

Plan on arriving in King Salmon on the morning of \_\_\_\_\_  
And departing King Salmon on the afternoon of \_\_\_\_\_

- 1) Mail, e-mail, fax or call me with your flight time into King Salmon. I will make your air taxi reservation with Pen Air for you.
- 2) When you arrive into King Salmon go immediately to the Pen Air air taxi counter located in the same terminal that you will be arriving at and check in. They should have your reservation. If they do not, tell them that you need to go to Tracy Vrem's Blue Mountain Lodge. I have been doing business with Pen Air since 1984 and they are very familiar with us. The King Salmon airport is very small, making this a very easy procedure.
- 3) The cost of the air taxi flight is \$200.00 per person round trip.
- 4) Do not hesitate to contact me if you have any questions.
- 5) My Wife or family do not have a clue when and who is coming to the lodge. My wife runs her own business and in the summer it is extremely busy. Blue Mountain Lodge is 350 miles from my home. It is in a remote part of Alaska, I don't have an office staff or people answering phones or mail for me. From May to October there is a good chance that I am at the lodge or running around at home getting ready to go to the lodge. The best way to get a hold of me is by my mobile cell phone during this time frame, 907-360-0541. If you are in King Salmon, I am at the Lodge; the phone number at BML is 907-439-2419. There is a courtesy phone in the lobby of Pen Air in the King Salmon terminal.

Do not be surprised if Pen Air keeps you waiting at the airport for quite some time before getting you down to the lodge. A reservation on an air taxi flight in the bush is not the same as a reservation on a commercial airline in the city. Please be patient and polite. No amount of your bulling them is going to get you to the lodge quicker in fact they might put you to the back of the line if you're a pain in the ass! I am aware of the delays caused by among other things, weather, pilots, and airplanes. I will be contacting Pen Air from the lodge if I am concerned about your arrival time into the lodge.
