

**TRACY VREM'S

Blue Mountain Lodge is in the heart of the best fishing the Alaska Peninsula has to offer.

WE CATER TO SMALL GROUPS OF 2 - 6 FISHERMAN.

You will not get lost in the crowd at BML.

Following jet service to King Salmon you will take a charter flight 55 miles south over the Naknek, King Salmon and Egegik Rivers.

Our **NEWLY CONSTRUCTED MAIN LODGE** is where you

will eat, relax and reflect on the day's events. The guest cabins have private bedrooms and bathrooms with showers and flushing toilets. Blue Mountain Lodge sleeps two couples and up to 6 single guests.

You're welcomed to bring your video camera as we have a flat screen TV at the lodge for watching the day's activities.

WE FISH FOR:

All 5 Salmon • Grayling • Arctic Char
Dolly Varden • Rainbow Trout

WE FLY OUT DAILY!

Each morning you and your group will be flown out to the best rivers and/or lakes. Daily lunches are shore style, once during your stay we will grill, over an open fire, your fresh catch! After lunch you'll either continue fishing or fly to a new location. After a long afternoon you will fly back to Blue Mountain Lodge for a delicious family style dinner. We have a great variety of fishing locations, beautiful scenery and the ability to **CUSTOMIZE YOUR DAY-TO-DAY ACTIVITIES.**

With the excellent fishing we will have ample opportunity to sight many bear, caribou and moose. A short flight to Katmai National Monument and Brooks Lodge to view the Brown Bears can be added to your agenda upon request.

Since we only cater to small groups, and due to the location of our lodge, many of the **AREAS WE FISH ARE ONLY VISITED BY BML!**

As a booking agent I have had the opportunity to hunt and fish the world for the past 3 decades. I booked a trip in June with my family, and after over 100 hunting and fishing trips I can honestly say **this was the best one yet**. My kids and I caught hundred's of fish, enjoyed Alaska's beauty, and got to share our fishing spots with the Bears. During our week stay at BLM we never saw evidence of another person. Tracy and Linda are totally first class. **I first visited BLM 37 years ago and it's only gotten better.** - Jeff C. Neal

The ever changing scenery and fishing opportunities presented at BML are unique. Each day, a short flight brings the angler to a different stream or river **untouched by other lodges**. Your pilot is your guide and he stays with you throughout the day offering advice and protection. Couple this with the newly built lodge; comfortable sleeping facilities; a caring owner operator; great food and it adds up to **the trip of a life time.**
